- Earn extra PDUs and contribute to your Chapter by volunteering
- Join the Board of Directors or run for elected office
- Present as a speaker or submit “Mentoring Minute” topics at our PMILIC monthly chapter meetings

PMILIC Membership

Additional member benefits include:

- Enjoy networking opportunities with fellow PMILIC chapter members
- Participate in chapter business and benefit from knowledge sharing
- Obtain a copy of the chapter's quarterly newsletter, the "PMIslander"
- Take advantage of multiple professional development opportunities
- Communicate via our LinkedIn and Facebook sites
- Interface with recruiters
and much, much more...

PMILIC Vision and Mission Statements

Vision

- To be the leading project management Center of Excellence on Long Island advancing the practice of project management and supporting local individuals and organizations; enabling them to embrace, value, and utilize project management to achieve success.

Mission

- We exist to expand the power of project management on Long Island, providing both framework and support for project management practitioners.

PMILIC Chapter History

- The Long Island Chapter of PMI[®] serves the geographic area of Nassau and Suffolk counties in New York State. Founded in 1999, our Chapter was the first in New York State to become incorporated (June 2000), and has grown in membership to almost 900 members, representing more than 400 different Long Island and New York City employers.

PMILIC Chapter History – cont'd

Each of the ten meetings a year (September – June) is formatted to include a time period designed to foster networking and to provide a forum for local employment firms and training providers an opportunity to present their services through Career and/or Vendor corners.

During these sessions, a featured topic is either presented or discussed via a facilitated panel of subject matter experts (SMEs).

Additionally, the Long Island Chapter provides a forum for its members to sustain their PMP® Certification credential by participation in one or more of the many enhanced service-related initiatives.

Volunteerism

- All of our new programs aimed at strengthening and advancing the chapter, as well as a wealth of other continuing operations, are dependent on the efforts of a large number of chapter volunteers. Volunteering provides great education opportunities enabling you to gain experiences that you may not be able to obtain in your current work environment.
- In addition to the rewarding experience, volunteers have the ability to earn PDUs. Volunteer positions also look great on your resume! To find out more about PDUs you can contact <http://www.pmilic.org/index.php/volunteer/volunteer-opportunities>.
- “Giving can be one of the most rewarding experiences in life. Volunteering has a positive effect on your community AND yourself.”
- If you are interested in volunteering please check our website for additional information, <http://www.pmilic.org/index.php/volunteer/volunteer-opportunities>.
